This number is significantly down from the last few years.

Further discussion was then held regarding the purchase of a track timing system. Bids are being gathered at this time for the purchase. Further discussion included the number of cameras needed and rough estimates of the amount of fees to be charged to clubs for use of the timing system.. Discussion included payment for the use of the cameras, used at sanctioned meets only, camera operators, etc. No decisions have been made, but the fact-finding phase is in process.

Meeting ended at 8:05 p.m.

Respectfully,

Suzie Pierce
Secretary
